

RESOLUTION 1.3

DEFINITION OF LEARNING

Proposed by CTF-FCE/Canada

Original language: English

1. WHEREAS the term 21st Century learning has been co-opted to refer to technological innovation in a manner that discounts longstanding inclusion of critical thinking, creativity and logic as part of pedagogical practice.
2. **BE IT RESOLVED** that Education International develop and publicize a definition for 21st century learning that reflect the values of the teaching profession.
